

## SEN Support for FS & SA+ (2014-15)

Students are supported in a variety of ways to enable them to access the curriculum and overcome barriers to learning due to learning difficulties, social, emotional and behaviour difficulties or physical and sensory difficulties. Support can be given in one or some of the following ways;

- One to one support in lessons
- Shared support within lessons
- Disapplication from MFL to focus on key literacy or numeracy skills
- Access to structured literacy and numeracy schemes
- A key person to help with personal organisation and maintain close home/school communication links
- Nurture group
- Small group work out of the classroom
- Differentiated curriculum
- Support at social times
- Referral for outside agency support and advice
- Transition activities
- Physiotherapy activities
- Support for students on extra-curricular visits or residential
- Access to disability sports events
- Social skills work including the use of social stories
- Target reading
- Reading Matters
- Hold regular reviews with parents and professionals
- Planning for support with the educational psychologist
- Referral to the Additional Needs partnership
- Homework club
- Support with intimate care needs
